## OBJECTIVE

---

I am an enthusiast and a passionate quick learner currently looking to utilize valuable skills set in a new challenging position with my strong work ethic in a reputed firm. I want to use my creative skills as well as innovative thoughts that will help the organization and also help me in building my professional career.

## EXPERIENCE

---

- **Cognizant**  
Full-Time 30/12/2021 - Present  
-I got deployed into a development project, which include technologies such as HTML, CSS, JavaScript, jQuery, Java.
- **Cognizant**  
Intern 06/03/2021 - 31/07/2021  
-During this period, I got to learn various technologies like Html, CSS, JavaScript, MySQL, Java.
- **CSDT IT Solutions**  
Intern 01/12/2019 - 31/12/2019  
-Attended training courses in Core Java and built an application as my project, based on my understanding.

## EDUCATION

---

COURSES	COLLEGE	PERCENTAGE	YEAR
B-Tech	SRM Institute of Science and Technology	84.89	2017-2021
Class-12th	Satyam International School	63.60	2015-2016
Class-10th	Don Bosco Academy	72.66	2013-2014

## PROJECTS

---

- **Wallpaper website (10/03/2022)**  
It is a web app which makes use of unsplash api. Using this, one can search and select the wallpapers of his choice. It includes Html, CSS, JavaScript and jQuery.

- **Movie Series Database (01/02/2022)**

It is a React.js based web application which uses OMDb api to render all the info related to the movie. In this web application I've made use of technologies like React.js, Basic Bootstrap, Basic JSX.

- **News Hunt (26/01/2022)**

It is a web application based on React.js. It fetches the news from news api and displays it to the user. The technologies involved here are HTML, CSS, basic bootstrap, JavaScript and React.js.

- **Tic Tac Toe (31/01/2020)**

It is a game developed with proper GUI using JAVA as the programming language and NetBeans 8.2 IDE. It is a two-player game in which the player "X" will always start the game then both the players play the game one after another until one of the players has won the game or the match is drawn.

## TECHNICAL SKILLS

---

HTML, CSS, JS, Core Java, MySQL, React.js, JSX, Basic jQuery, VS Code, Eclipse

## ACHIEVEMENTS AND CERTIFICATIONS
